

# HARSH GUPTA

## DATA SCIENCE & AI

Satna, Madhya Pradesh, India | gupta059harsh@gmail.com | linkedin.com/in/harsh-059-gupta | github.com/hgh11code

### PROFILE

Curious about everything data - how it flows, what it reveals, and what we can build with it. Focused on machine learning and deep learning, particularly computer vision and natural language processing, while building a foundation in modern data engineering.

### EXPERIENCE

#### TechieShubhdeep IT Solutions Pvt Ltd

Dec 2025 - May 2026

Data Science Intern

Tested state-of-the-art models, analysed model architectures, and developed prototypes to turn research ideas into working experiments.

### EDUCATION

#### IIT Guwahati

Oct 2023 - Jul 2027

BSc (Hons) Data Science & AI

#### MITS Gwalior

Aug 2024 - Jun 2026

Master of Computer Applications

#### Awadhesh Pratap Singh University, Rewa

Jul 2019 - Jun 2022

Bachelor of Science

### CURRENT LEARNING

Data engineering with Microsoft Fabric, Databricks, and PySpark.

### PROGRAMS & WORKSHOPS

IIT Guwahati Summer School - Language and Vision with AI/ML
